

JOB DESCRIPTION

Physical Education and Health Education Teacher

Bachelor's/Master's Degree in Physical Education

The essential function of the PE and HE teacher is:

- To provide an educational atmosphere where students have the opportunity to fulfill their potential for intellectual, emotional, physical, and psychological growth
- The Instructor organizes and implements an instructional program that results in students achieving academic success in accordance with GMIS and IBPYP policies
- Native or near-native level English.
- Needs to live & work in the Netherlands (commute to Hoofddorp)

Role Description / Working Relationships

The PE/HE teacher is responsible for the teaching and learning program at that grade level. She/He is expected to work as part of a multiple Specialist team in addition to working with various student support teachers to provide a consistent, inclusive and relevant learning program for their students. The PE/HE teacher is expected to work closely with the grade level team to collaborate on long range and unit planners. The PE/HE teacher should use an inquiry based approach and differentiate learning opportunities through various strategies. She/He is expected to keep parents informed and attend parent teacher students conferences(PTSC), as required and to contribute to the extra curricula activities of the school and be involved in school development.
